***Claim Rejections - 35 USC § 112***

Claims 2 and 17 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 2 is confusing because it was not clear whether or not the pet's neck is a part of the claimed invention. The entertainment device is merely intended to be used on a pet. Claim 2 positively recites the collar as being worn around the pet's neck.

Claim 17 is confusing because it recites identical subject matter as claim 2 and they both depend on claim 1.

***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Rosen et al U.S. Patent 6,054,575 or Cotty, Jr. et al U.S. Patent 6,114,302.

Rosen disclosed a garment (40) having a laser source (14, 214, 314) (column 5, lines 50-55) attached thereto.

Cotty, Jr. et al disclosed a worker having a garment with a laser source (220) (column 3, lines 54-67) attached thereto.

***Allowable Subject Matter***

Claims 13-16, and 18-20 are allowed.

Art Unit: 3714

Claims 3-12 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
